GENERAL SPORTING GOSSIP.

Olic Sacrs, the quarter-back of the Poto-mac football team, has decided to go over to the team of the Columbia Athletic Club. Sacrs has made a name for himself as one of the best players in the District. He plays a remarkably fast game for one of the experience and age. He is also a good leader and would make an excellent captain for the Columbias, in place of the figure-

brad that now fills that position.

the arrivaburg baseball team, has been seculed to couch the Potomac football team. After the close of the season he will leave for San Antonio, Tex., where he will likely captain the baseball team. Local sports are looking forward with much interest to the coming fight between Junray Lynch, of New York, and Jack Daley, of Wilmington, Del., which will take place at Dan Henry's Theater, Alexandria, Va., on Friday night, November

This contest will be strictly on its merits and as both men have excellent records as pugilists of their class, a good fight is looked for. The affair is under the per-

sonal supervision of Dan Henry.

Luck Switched and the Talent Went Home Broke-Mattie Chunand Cadiz Help Save the Public From a Clean Sweep-Croker Scores a Win With Imp. Planderer.

The talent ran seainst a saag at St. Asaph yesterday. They have been having things much their own way of inte, and it has been very much of an off day when they have not got home with at least four favorites chalked up on the right side of the slate.

Yesterday they were only successful in two races. Cadiz, at 3 to 5, and Mattie Chan at even money helped them out of chole, but the balance of the events went outsiders. The biggest dump of the day was in the last race, which was won by Airplant. Siva and Lumberman were very heavily played to win this race, but they were neither of them one, two.

Although several of the finishes were good it was an off day, the attendance and betting being light. The weather was very disagreeable and the track still heavy

FIRST FAVORITE FELL DOWN. Luke Richards was selected to carry the talent's money in the opening event. On paper he looked to be in a soft spot, but when it came to racing was found to be sadiy wanting in the secessary amount of speed and finished a bad fourth. Imp. The favorite got away absolutely fast, and could never quite get up to the leaders. GAVE FLYNN TROUBLE.

Somage had the call in the fourth race, which was at half a mile, with Catmalite second choice at fours. There were ten starters in this race, and Flynn had some trouble. When he finally sent them away Tartar was in the lead, with Masher close up. At the quarter the latter poked his head in front and stayed there to the end, winning handly by three lengths from Arundel, who was a half before Clair W. The only other winning tavorite of the day was dished up in the fifth event. Mattle Chun was the one selected to carry the bank rolls of the public and she did it in clever style. Luaberman and Siva received all the attention in the closing race. There were some swell bets sent in on both of them. The former finally closed favorite at 9 to 10, with Siva next in demand at even money. The race was an exciting one, the four starters running head and head.

COMING TO THE THEATERS.

The best thing said of Olga Nethersole's "From From" is that it is apparently a creation of her own from beginning to end. From the moment she comes upon the stage, in the first act, until the last, when she gives a simulation of death herrible in its realism, she holds her audience as completely under her spell as if they were all of one mind and one heart. Miss Nethersole will play "Frou Frou"

at the National Theater on Wednesday and at the National Theater on Weinesshy and Friday evenings of next week. On Mon-day night, November 11, she will present her creation of "Camille" and this will be repeated at the Saturlay matinee. James A. Herne begins a week's en-gagement at the Grand Opera House on Monday evening next, when he will again: appear in his admirable portrayal of Encle Nathaniel, in his own cemedy-frame, "Shore Acres." This play, which was originally produced in Chicago four years ago, has proven one of the greatest artistic and financial successes known to the stage, and will unlountedly continue to prove attractive to lovers of refined stage art for many years to come.

Time leaves no marks on a play of this time leaves no marks on a play of this kind, save those of veneration upon its scenes.
